

## Exterior glass floor overlooks ocean

August 3, 2009

COMMERCIAL, FABRICATION : SNAPSHOTS: GREAT GLAZING

**The basics:** The owners of a high-end home on the California coast wanted to maximize their ocean views with a deck of glass flooring. They wanted to stand on the exterior glass floor and have an unobstructed view of the rocks, plants and water below.

**The players:** Glass supplier, floor engineer, **Jockimo Inc.**, Newport Beach, Calif.; architect, **Ugo Sap**, San Francisco; general contractor, **Van Acker Construction**, Mill Valley, Calif.; glass installer and hand rail supplier, **Paige Glass**, San Francisco.

**The glass:** Jockimo Crystal Clear laminated glass flooring, made up of 3/8-inch low-iron Starphire tempered top layer and Jockimo GlassGrit, Underwriters Laboratories approved anti-slip walking surface Cast Classic, .060-inch interlayer, 1/2-inch low-iron Starphire tempered; .060-inch interlayer; 3/8-inch low-iron Starphire tempered.

Fast, easy  
and right.
